

September 13, 2016

For immediate release:

Mountain View Seniors' Housing (MVSH) is Proud to Announce the Grand Opening of our Sundre Seniors' Supportive Living Facility

We are very excited to share the Grand Opening of our new Sundre Seniors' Supportive Living Facility with the residents of Sundre. On September 16, 2016 from 1pm to 3pm we welcome the public to visit the new facility.

The new \$26.6-million, 104-unit seniors' residence offers a variety of care levels; including forty-six (46) level one and two supportive living lodge suites, forty (40) level 4 and 4D supportive living 24-hour care suites as well as eighteen (18) independent living suites.

This project is a first for MVSH, the project is built under the "campus of care" model offering everything from independent to supported living on the same site. Sam Smalldon, Chief Administrative Officer, Mountain View Seniors' Housing (MVSH), said, "With this model, seniors do not have to search for supported living outside of the community. The project was originally brought to Sundre, a town with a high proportion of seniors, by a group of passionate residents who lobbied to have more seniors' housing options in the community."

The larger facility, higher care levels and more than double the number of suites that Foothills Lodge currently has also means more employees are required. "MVSH is very excited to be part of providing new employment opportunities to Sundre and area with this new facility. MVSH strives to be an employer of choice, serving our residents with quality staff and exceptional care." Kristi Gingrich, MVSH Director of Human Resources says.

Mountain View Seniors' Housing

Mountain View Seniors' Housing is a non-profit organization committed to enhancing the lives of seniors in our community. We operate seniors' lodges, seniors' life leases, seniors' self-contained apartments and subsidized community housing, striving to provide the highest level of service and support in friendly, home-like environments.
