Mountain View Seniors' Housing has implemented its Pandemic Plan

The World Health Organization has declared COVID-19 a Pandemic and the Alberta Government issued directives restricting large gatherings. In response, Mountain View Seniors' Housing (MVSH) has now started implementing its Pandemic Plan to protect Staff and Seniors who are residents or tenants at all its facilities. For the past two weeks, MVSH has been monitoring daily and messaging internally following guidance and direction from Alberta Health Services and Public Health. We will continue to provide daily monitoring and messaging as per guidelines or directives and further to reduce health risk by limiting or restricting gatherings and promoting self-isolation as necessary.

At this time, there have been NO case of COVID-19 at any MVSH Facility. MVSH Management have organized, prepared and will work daily to follow its Pandemic Plan. MVSH has immediately restricted access to its facilities to protect Seniors and Staff by permitting entry, until further notice, to only the following;

- residents and tenants,
- staff and volunteers,
- family and close friends,
- contractors or service providers.

Further, we will require contractors or service providers to sign-in and enter the facilities through the front entrance ways only. We are cancelling any MVSH activities for Seniors outside our facilities. We are monitoring residents, tenants and staff for any travel risks.

At this time, we have one known case of travel related self-isolation by staff who have not returned to any MVSH facility. We are asking for community support at this important time as we take precautions and enforce these measures for the health and safety of everyone.

With growing concerns around COVID-19 ("coronavirus"), MVSH will monitor daily, respond as required, and continue forward to take precautionary steps as per our Pandemic Plan. The health, safety and well-being of our community, our Seniors, our employees and our guests is our top priority at this important time.
